

## Canada Beeswax

184 Flatrock Rd.  
Roslin , ON.  
K0K 2Y0

### Certificate of Analysis

Product:	Damar resin crystals.
Country of Origin	Indonesia
CAS # :	9000-16-2
Appearance :	Clear/Light Yellow - transparent - solid
Size:	5 - 10 mm
Odour :	N/A
Food Grade:	Yes
Ash Content:	1 % max.
Impurity:	1 % max.
Melting Point :	100 - 110 ° C
Density:	1.04 to 1.12 kg/m <sup>3</sup>
Refractive Index:	1.5 approx.
Insoluble matter:	1 % max.
Solubility:	Insoluble in cold water , soluble in turpentine.
Acid Value :	20 - 40
Saponification Value :	20 - 40
Gathering Method :	Traditional harvesting methods in old growth forests, from Shorea Dipterocarpaceae trees ( Damar Pine )

Conforms to ASTM D-4236  
Damar resin is approved by the FDA as being food safe.
